

# C-Com® Headset System

Hear more. Do more.

## Clear communication for Cath, EP, IR and Hybrid OR's

C-Com Wireless Systems dramatically improve communication among the clinical team:

- Whisper-sensitive microphones ensure clear communication and improved clinical workflow
- Headsets ensure critical information is distributed to the entire team, keeping staff engaged and informed
- Eliminates the need for raised voices and repeating oneself, resulting in a calmer lab environment
- Compatibility to interface with overhead-speakers and intercom systems
